

## Shashank Kulkarni, Scholar, Got Place in Top 100 Researchers in the Country

---

*Young Writer and PhD Scholar of Department of Public Policy and Public Administration, Central University of Jammu Er. Shashank Dattatray Kulkarni got place in Foxclues List of Top 100 professors, Researchers and Teachers of India. FoxClues Pvt. Ltd is one of the well-recognized and appreciated marketing and research organizations of India. It is primarily known for its strategic planning and its stellar methods and algorithms.*

*Shashank got this place due to his important contribution in agricultural and farmers' policies of the country. He provided valuable research input in agricultural policy through his well known book 'Swaminathan Commission: A Foundation of Farmer Policies in India'. This book got preface from the father of the Indian Green Revolution, Prof. M. S. Swaminathan. This book also recorded in National Book of Records as a first book in the world which has been exclusively written on Swaminathan Commission.*

*The book is published by the reputed publishing house Academic Foundation, New Delhi. Shashank has spent some important years of his life in-depth analysis and review of these five most important reports of the National Farmers Commission, namely the Swaminathan Commission. The Swaminathan Commission is the only and the first commission in our country to be set up exclusively for farmers. Through this important book, all the important recommendations and observations of the Swaminathan Commission are now readily available to policy makers, agricultural officers, farmer leaders, farmer researchers, students and all citizens of India and the world.*

---

*Shashank Kulkarni is currently working as a Senior Research Fellow of the University Grants Commission in the Department of Public Policy and Public Administration at the Central University of Jammu and has been doing research in India's agricultural and farmer policies for the past few years. He has so far written a total of ten books in Marathi, Hindi and English on various subjects. He has also published research papers in various reputed world journals and has participated in several international conferences. Recently University of Trunojoyo, Indonesia honored him with the International Impact Award for his valuable contribution in farmers' policies of India.*

*He had been congratulated by Prof. Ashok Aima, Vice Chancellor of Central University of Jammu; Prof Devanand, Dean, School of Basic and Applied Sciences; Prof Sunil Dhar, Head, Department of Public Policy and Public Administration; Dr. Ravi Kumar, Registrar; and Dr. Rouchi Chaudhary, Research Supervisor and other dignitaries of University for this glorious achievement.*
