

International Conference on Sustainable Development in Chemical and Material Sciences (SDCMS-2024)

A two-day International Conference on Sustainable Development in Chemical and Material Sciences (SDCMS-2024) was organized by Department of Chemistry from 4th to 5th April 2024. The conference involved a gathering of renowned scientists and academicians across the country and abroad. The inaugural session of the conference was held on 04-04-2024, and it was graced by the hon'ble Vice Chancellor, Prof. Sanjeev Jain, and Dean School of Basic Sciences: Prof. Vinay Kumar, Central University of Jammu. Prof. Sameer Sapra, Department of Chemistry, IIT Delhi, was the guest of honour and the special guest was Prof. Muhannad Al Aiti, Chair Professor, TU Dresden, Germany. At the outset, Dr. Kamlesh Kumar, the convener of the conference and Head of the Department of Chemistry, gave an overview of the conference, emphasizing on the importance of sustainable development in the chemical sciences. Prof. Sanjeev Jain, Vice Chancellor, Central University of Jammu in his presidential address, emphasized on the importance of sustainable development, applied chemistry, and insisted that research in chemistry should help the nation to develop sustainable and environmentally friendly energy and many other valuable discoveries. Co-Convener of SDCMS, Dr. Tapta Kanchan Roy, presented the formal vote of thanks. An approximate number of 250 participants were registered for the conference. The technical sessions comprised keynote talks by eminent speakers from various universities across India and abroad. There were 60 oral and poster presentations delivered by the participants from various universities across India in the conference on the first day of the conference. Due to the large number of participants, the conference proceedings were carried out in three technical sessions with keynote lectures on various fields of expertise.
