VICE CHANCELLOR'S MESSAGE

India has world's second largest higher education system that aims at achieving full human potential, along with an equitable, progressive and welfare oriented society. To make this system more responsive to the evolving development needs of the country, the New Education Policy (NEP) 2020 focuses on creation of knowledge, skills, and values among the students while recognising, identifying, and fostering the unique capabilities of each student. As higher education in the current times encapsulates thinking beyond the confines of established canon and disciplines, universities need to be ready for innovative approaches to deal with the concomitant opportunities as well as challenges.

Being aware of our own role as a leading institution of higher learning, I present to you the Admission Prospectus of the Central University of Jammu (CUJ) for the session 2024-25. This prospectus serves as a testimony to reflect the amount of effort being made at multiple levels at CUJ since it's more than a decade long existence. Additionally, it instills in me a special sense of fulfillment because the CUJ has carved a niche of its own in the academic world of the country and beyond.

Central University of Jammu is conscious of the world undergoing sweeping changes in the knowledge frontiers. With various scientific and technological advances, it seems imperative that many unskilled jobs worldwide may be taken over by machines. Ostensibly, there is a growing need for a skilled workforce, particularly creative acumen, in conjunction with multidisciplinary abilities across the sciences, social sciences, and humanities. With rapidly shifting employment opportunities and alterations in global ecosystem, it is becoming increasingly critical that learning must be supplemented with unlearning so that the educated youth of our country is trained to innovate, adapt, and assimilate novel methods.

The Admission Prospectus 2024 offers a complete overview of courses and other relevant admission procedures in addition to our initiatives and accomplishments relating to infrastructural facilities, academic activities, research output and innovative teaching-learning process, which portrays campus life buzzing with holistic learning and academic rigour. Moreover, it also mirrors our road map for offering endless opportunities to students. In the forthcoming session, the University is offering a range of diverse and high value Diploma, Certificate, Integrated, Undergraduate, Post Graduate and Ph.D. courses in Life Sciences, Basic and Applied Sciences, Engineering, Business Studies, Education, Knowledge Management and Media Studies, Literature and Languages, National Security Studies, Economics, Public Policy, and Social Work in various Schools of Studies.

For enriched students' experience, state-of-the art infrastructure and facilities remain our one of the main concern. Wi-fi facility on the campus and in hostels, an automated library, basic sports infrastructure, yoga classes, NCC, NSS, thematic clubs and interactive sessions with substantial focus on placements makes the CUJ the most sought-after.

In line with Hon'ble Prime Minister's vision of *Viksit Bharat@2047*, CUJ is committed to empower the youths through excellence in studies, distinction in skills and transcendence in ideas during the *Amrit Kaal*— the next 23 years till the centenary of India's freedom in 2047— a period of infinite possibilities. Taking forward the national progress through *Jan Bhagidari* remains a key purpose of our activities at the university. I believe that the fruits of demographic dividend can be best harnessed for nation building if we are able to invest in our youths and impart them high-quality vocational, inter-disciplinary, research-oriented and holistic education in emerging areas with utmost commitment and zeal to unleash their true potential.

I look forward to welcome the young enthusiastic students aspiring to join the CUJ community.

May the Almighty's grace and blessings be the guiding light in your life!

Jai Hind!

(Prof. Sanjeev Jain)
